

WITHOUT LIGHT

WITH LIGHT

TRANSLUCENT SOFT-STONE

Soft Stone Translucent is an extraordinary design product. The incredible translucence of the stone can create an eye-catching thrill almost anywhere. The Soft Stone has all properties of the natural stone material and additionally can be backlit. Without light the Soft Stone Translucent appears as a massive stone panel, but once it is backlit a beautiful warm light shines through the surface.

SOFT-STONE TRANSLUCENT

SOFT-STONE™

moisture resistant water resistant flame retardant machinability paintability usage suitability

SOFT-STONE™ cannot be guaranteed to match panel to panel, so it is recommended that orders take into account of future maintenance or re-fit possibilities. Since this product is made of natural stone, color, texture and grain variances are not defects within the material and no two sheets are exactly the same.

Model No : ST-01T

Panel Materials : 100% Real stone

Manufacturing Method : Machine Cutting

Dimension ST-01T : 1200mm X 2400mm X 2mm

Surface Finish : Raw
