SOFT-STONE™
TRANSLUCENT

INTRODUCING

**SOFT-STONE TRANSLUCENT PANEL:
WHERE STONE MEETS LIGHT**

Experience the stunning fusion of natural stone and light with our Soft-Stone Translucent Panel. Crafted from **100% real stone veneer** and backed with a translucent layer, this innovative material allows light to pass through, creating a dramatic visual effect when backlit. Perfect for feature walls, decorative ceiling, decorative panels, bar counters, or artistic installations, it brings a warm, glowing ambiance that enhances any interior space.

SOFT-STONE™ TRANSLUCENT

APPLICATION

Feature Wall

Decorative Ceiling

Counter

TV Feature Wall

Soft-Stone isn't just for feature walls — it's a highly adaptable material that brings style and durability to a wide range of surfaces. Designed to mimic the natural beauty of stone while remaining lightweight and flexible, Soft-Stone is suitable for both indoor and outdoor applications.

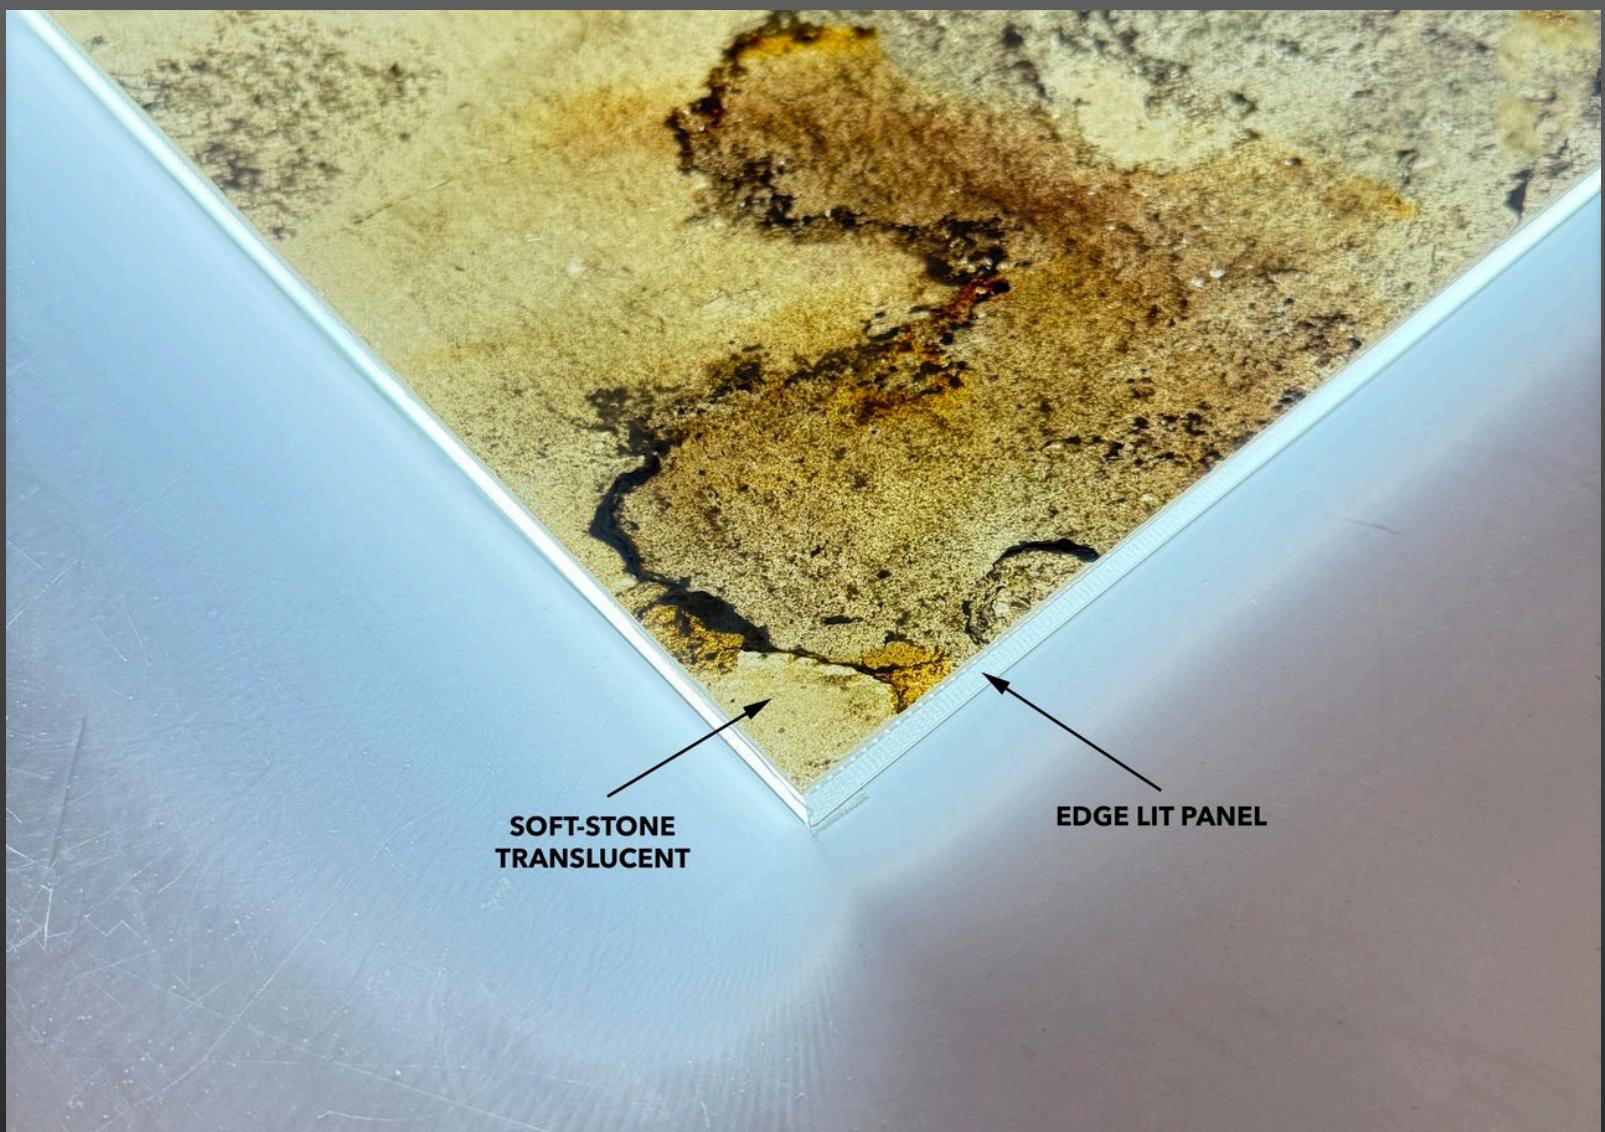

Whether you're enhancing an exterior wall, upgrading a wardrobe door, or giving a unique finish to a main door, Soft-Stone offers a seamless blend of form and function. Its weather-resistant properties make it ideal for outdoor use, while its sleek texture adds sophistication to any interior element.

Transform your spaces effortlessly with Soft-Stone — where design meets versatility.

SOFT-STONE™ TRANSLUCENT

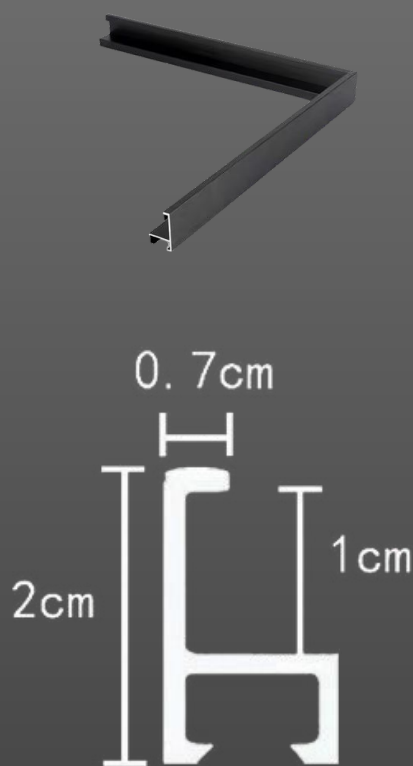

THE FLEXIBLE STONE LAMINATE
FOR MODERN DESIGNS

Soft Stone Translucent is a visually stunning surface material that brings natural elegance and depth to any space. Now, with the integration of our ultra-thin **Edge Lit Panel** as a backing diffuser, Soft Stone can be beautifully backlit with even, consistent illumination—enhancing its natural veining, color tones, and translucency. This innovative combination allows for a sleek, lightweight installation without compromising on visual impact, making it ideal for feature walls, counters, and artistic displays that demand both sophistication and seamless lighting.

SOFT-STONE™ TRANSLUCENT

BLACK ALUMINIUM PICTURE FRAME

The Black Aluminium Picture Frame, available in a sleek 3000mm length, offers a refined and minimalist finish that complements modern interior designs. Crafted with a slim profile, this frame is the perfect fit for showcasing Soft-Stone Translucent and Abstract Panels, enhancing their visual appeal without overpowering the artwork or surface. Lightweight yet durable, the black aluminium frame provides a clean, contemporary border that adds structure and sophistication to any feature wall or decorative installation.

EDGE LIT PANEL

BACKLIGHTING, REDEFINED.

The **Edge Lit Panel**, measuring **W1200mm x H2400mm x T6mm** and **W1000mm x H2700mm x T6mm** is a precision-engineered lighting solution designed to evenly diffuse backlit illumination. With its ultra-slim 6mm thickness and edge-lighting technology, this panel ensures a consistent and uniform light distribution across the entire surface. Ideal for enhancing the visual impact of **Soft Stone Translucent and Abstract Panels**, it brings out the full depth, color, and texture of decorative materials. Whether used in interior design, architectural features, or artistic installations, this panel offers both functionality and aesthetic refinement.
