## ANCIENT SHIPWOOD™

moisture resistant  water resistant  flame retardant  machinability  paintability  usage suitability

Ancient Shipwood is unrivaled in its beauty and uniqueness. A product of nature, every piece is recycled from the wood of ships that has been around for years. The durability of such reclaimed old growth timber is difficult to match, and the one-of-a-kind character is unparalleled. We are giving old wood new life, helping to preserve forest by bypassing virgin woods for perfectly usable antique wood.
