INTRODUCING **FLUTED COLLECTION III** : A PERFECT BLEND OF COLOUR & TEXTURE

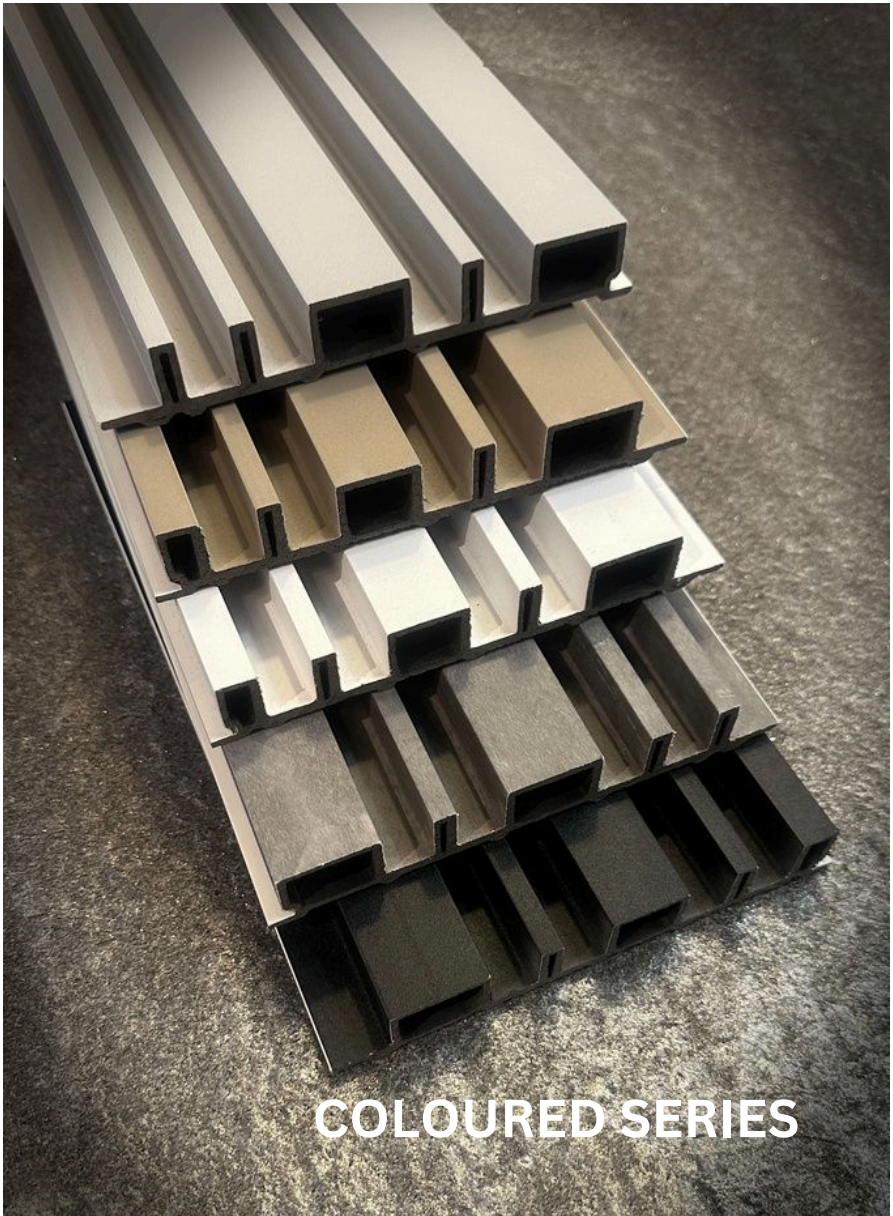

veneer series

We are proud to announce that Series Supplies (S) Pte Ltd has achieved the Singapore Green Building Product (SGBP) Certification for selected products under our Fluted Collection 1, Fluted Collection 3, and Match Panel series.

Discover the beauty of Fluted Collection III, a premium wall panel series available in Coloured Finish and Veneer Finish. This collection features two distinct profile models, each designed with irregularly sized stripe lines to add depth and character to your space. Whether you prefer the sleek elegance of a colored finish or the natural warmth of a veneer texture, Fluted Collection III offers a refined aesthetic that enhances any interior. Elevate your walls with a touch of sophistication and design versatility like never before.

THE PERFECT MATCH

MATCH PANEL

Elevate your interior design with our versatile Match Wall Panels, designed to seamlessly complement our selected Melamine Fluted Wall Panels. Featuring a sleek, flat surface, these panels offer endless possibilities for mixing and matching to create stunning visual effects. Each panel measures 1000mm x 2700mm x 8mm, providing ample coverage and a perfect fit for various applications.

PVC GRILLE PANEL

PVC Grille Panel is an innovative system of modular vertical and horizontal segments. Thanks to its construction you could make the right modern room divider suitable for your own room. These divider panels are made of PVC Form board material with CNC machine cut out .Size 600mm x 2400mm x 15mm . With the various colour and veneer melamine.

FLUTED COLLECTION I

Enhance your interiors with the Fluted Collection 1, featuring the FP-16 Series—a sleek and stylish wall panel with dimensions W155mm x L2900mm x T25mm. Designed for versatility, this collection seamlessly matches the same veneer finishes as Fluted Collection 3, allowing you to create a cohesive and sophisticated space.

L ANGLE TRIMMING

Enhance your feature wall with the Fluted Collection 3 L Angle Trimming, designed for a seamless and refined finish. With a sleek 25mm x 25mm x 3mm thickness, this trimming ensures smooth transitions, clean edges, and added durability to your wall panels. Perfect for corners, borders, and framing, it complements the Fluted Collection 3 effortlessly, bringing elegance and precision to your interior.
