SOFT-STONE™ ——— INTRO

100% Real Stone .It is a lightweight, flexible, colorful and unique stone veneer with unlimited application possibilities. The introduction of this exciting new material addresses a large need for a flexible, adaptable, durable and weather resistant stone veneer. SOFT-STONE™ is so evolutionary that it can be adhered over any standard building surface with our recommended adhesive.(Size : 1200mm X 2400mm X 2mm)

Key Characteristics:

- **100% Real Natural Stone Surface:** Features an authentic stone veneer face, giving every sheet unique color, texture, and grain variations.
- **High Flexibility:** Bendable composition allows installation on curved walls, pillars, archways, and complex architectural contours where traditional rigid stone fails.
- **Lightweight Profile:** Significantly lighter than conventional stone slabs, reducing structural load and making transport and handling safer and easier.
- **Versatile Applications:** Ideal for feature walls, bathroom surfaces, high-end interior design, and furniture facings across both indoor and outdoor spaces.
- **Simplified Installation:** Can be adhered directly over standard building surfaces using recommended adhesives without heavy demolition equipment.
-

SOFT-STONE™

MATERIAL SPECIFICATION: SOFT-STONE

- Composition: 100% natural stone surface veneer bonded to a flexible polymer-fiberglass backing, engineered for both indoor and outdoor performance.
- Dimensions & Weight: Standard sizes of 610 mm × 1220 mm and 1200 mm × 2400 mm, with a thickness of 2 mm to 4 mm and an ultra-lightweight profile of 3.0 kg to 5.0 kg per square meter.
- Key Performance: Highly bendable for curved walls and round columns; features high moisture resistance, weather-resistant UV stability for exterior facades, fire-retardant properties, and an optional Translucent Series for backlighting.
- Applications: Suitable for interior feature walls, outdoor exterior walls and facades, curved architectural elements, bathroom surrounds, and custom furniture facing.
- Installation & Care: Easily cut with standard tools and adhered to sound substrates using exterior-grade weather-resistant adhesives; maintained using a soft damp cloth and mild pH-neutral cleaner.

SOFT-STONE™ ——— QUICK INSTALLATION & CARE SUMMARY

- **Surface Preparation:** Ensure the mounting substrate is clean, dry, flat, and structurally sound.
- **Cutting & Shaping:** Easily trimmed on-site using a standard utility knife or fine-toothed saw.
- **Adhesion:** Apply recommended exterior-grade polymer or polyurethane construction adhesive, pressing firmly from the center outward to eliminate air pockets.
- **Curved Surfaces:** Gently bend panels around pillars or curved walls, using temporary bracing until the adhesive cures.
- **Routine Cleaning:** Wipe down with a soft, damp cloth and mild, pH-neutral soap, avoiding abrasive scrubbers and harsh chemical solvents.
- **Sealing:** Periodically apply a breathable stone sealer to enhance stain, moisture, and UV resistance, particularly for outdoor installations.

SOFT-STONE™

PRODUCT FLEXIBILITY

The Ultimate Flexibility: Soft-Stone for Curved Columns and Counters

- **Beyond Flat Walls:** Soft-Stone's unique composition allows it to bend easily, breaking free from the constraints of traditional rigid stone.
- **Round Columns & Pillars:** Wraps seamlessly around cylindrical structures without cracking or needing heavy reinforcement to create striking statement pieces.
- **Curved Counters & Islands:** Conforms smoothly along wavy reception desks, radius bar counters, and curved kitchen islands to introduce organic elegance.
- **Complex Contours & Arches:** Perfect for arched entryways, rounded wall corners, and intricate architectural details where standard stone cladding fails.

Note :

Each sheet of Soft-Stone is one-of-a-kind, and may not have an identical match in color or design. These natural differences are not defects, but rather a testament to the organic beauty and individuality of real stone.

We recommend reviewing samples or consulting with our team for selection guidance to ensure the right fit for your design vision.
